

HOME PARK FIELD WEDDINGS

BESPOKE ♥ UNIQUE ♥ MEMORABLE

Looking for an outdoor venue with added wow factor? Why not create your own.....

Nestled at the foot of the East Lomond hill the Home Park field boasts spectacular views of the surrounding Estate landscape and many of its historic buildings. A picture perfect backdrop for your celebrations with endless photo opportunities.

Home Park is an exclusive hire blank canvas events field, giving you the freedom to create the outdoor wedding set up of your dreams. You can personalise every aspect of your day to suit your style and budget ensuring your wedding is a day like no other.

You are free to use the vendors of your choice. We can however recommend a number of trusted local suppliers offering a wide range of stunning canvas structures for your day - from clear span marquees, to lattice framed domes or linked giant tipis. In addition we work with some fantastic event providers and can provide ideas and inspiration if needed to help you source venue stylists, caterers, bar service etc.

Your entire day can be held in the field or you can choose to incorporate other special locations on the wider estate into your day, such as the historic open air Chapel, a clearing in the woodland, the water's edge at the duck pond or for the more adventurous the Yad waterfall at Maspie Den.

It's your day to design your way!

HOME PARK WEDDING & EVENTS FIELD

A bespoke package can be created should you wish to incorporate other event locations on the Estate in your day, such as the Chapel or Courtyard.

Wedding Planning & Support

If you love the idea of creating your own bespoke venue but feel a little daunted by the process you may wish to consider hiring an event planner to help bring your vision to life.

Our recommended event management company, Strathmore Event Services are outdoor event specialists and would be happy to meet with you to discuss your wedding ideas. They know our venue inside out and can provide a full wedding planning and management service or only specific elements, depending on your individual requirements.

They can assist with the following :

- Sourcing of required infrastructure - canvas structures, power, lighting, toilet facilities etc
- Sourcing of professional, reliable, high-quality suppliers - caterer, bar service, entertainment etc
- Health & safety risk assessment & supplier compliance
- Event licensing
- Oversight of venue set up
- On the day event management
- Oversight of venue take down
